Data Science Projects

Cricket "Designed and implemented a data-driven project utilizing T20 World Cup statistics to construct a highly accurate predictive model, resulting in a 15% improvement in team performance by strategically optimizing the composition based on key criteria, including batting, bowling, fielding, and all-round capabilities." ([Try it here](#))

Housing Developed a data science model for city property price prediction, considering factors like area, rooms, and size." ([Try it here](#))

CURRICULAR ACTIVITIES

- Qualified Jee Mains And Advance • Qualified NTSE Stage 1 (Rank 9 in state)
- Completed HactoberFest • Completed Google cloud computing Paths

EXTRA-CURRICULAR ACTIVITIES

- Played State tournaments in Football Also was a part of my School Team and Currently College team
- Earned multiple trophies across various events during my school years, including skits, dance, sports, and singing.
- I also like Writing Articles , Poetry.Posted on ([Instagram](#))
